

Ensemble, on fait la différence
Together, we make a difference

Finally the summer holidays for the Peter Hall School team!

The school year that has just ended has been, as we all know, out of the ordinary!

The education community has experienced many upheavals, especially in an institution like the Peter Hall School, which, as you know, is specialized in school adaptation, with 501 students with intellectual disabilities and autism spectrum disorder (ASD), aged 4 to 21, Francophones and Anglophones.

Throughout the school year, the great people who make up the staff of the School, have been able to surpass themselves, thanks to their great ability to adapt, their resilience and passion for their work, and that's all students who have benefited directly from it, and that is admirable!

It seemed very important to us to let you know to what extent this professional team allows so many students with special needs to surpass themselves, each and every one at their own pace, in order to acquire knowledge that allows them, "a small miracle" at the same time, to develop their autonomy to the maximum.

This school year, which is coming to an end, has also enabled our Foundation to strengthen even stronger ties with its generous donors and partners and that too is admirable!

Despite the pandemic, which in 2020 led to the cancellation of our two annual events and to put on hold our 3rd major fundraising campaign, we achieved results comparable to those of 2019.

We are proud of ourselves, our efforts and passion are our witnesses!

The year 2021 is also so far full of challenges for our Foundation. This second part of the calendar year that we are now starting presents new educational projects for funding.

Our goal is always the same: to offer the best educational programs and tools in the best learning environment.

And the pandemic that is about to finally be resolved will, we very much hope, allow us to start again visits our educational institution to new potential donors because visiting the Peter Hall School is to have the opportunity to see the excellence of the adapted education that is provided there by highly qualified staff,

and also to see all the acquisitions of knowledge made.

We are confident about the challenges ahead for our second part of the year, and we will spare no effort to achieve them with this same passion that characterizes us...

For proof? We are moving forward with the organization of the 20th edition of our wonderful benefit event *Wine and Cheese Tasting Evening, on October 21st.*

This event high in flavors and colors, festive and friendly, entirely organized by volunteers, will allow us to finally meet again!

We hope you from ours... on October 21st!

Until then, our summer holidays are fast approaching, and our entire team will be able to rest, recharge their batteries, and we will be back to you next August.

Have a great summer, be well and, once again, thank you from the bottom of your heart for your concrete support, your generosity, your loyalty and your sensitivity to our educational cause.

Stay safe and have fun this summer!

And enjoy your most deserved summer vacation!

Together, we make a difference!
